

# A Day on the Trail

*The Connecticut Chapter of the Appalachian Mountain Club Trail's Committee extends an invitation to students at Western Connecticut State University to join in the 1<sup>st</sup> College Collaboration Trail Project.*

**The Appalachian Trail covers 2,184 miles of beautiful wilderness stretching from Georgia to Maine! The trail is kept in pristine condition because of dedicated volunteers.**

*This year, the AMC's Connecticut Chapter Trail's Committee will be conducting the 1<sup>st</sup> College Collaboration Trail Project during the student's spring break and Earth Day to promote environmental awareness and conservation to tomorrow's leaders!*

Students will join educated and skilled wilderness volunteers on the Appalachian Trail and learn:

- The history of the trail
- How to navigate and read markings
- Details of trail maintenance and much more!

Please contact Outreach Coordinator, Lana Bluege, at [Bluegelana9@gmail.com](mailto:Bluegelana9@gmail.com)

Students can use this project towards community service hours or work towards an official AMC certification for 10, 25, or 50 hours!
