

ENTERING GRADES ONLINE

Because of staffing shortages in University Computing and the Registrar's Office, it will no longer be possible for our offices to enter grades from hard copies of grade reports. We would encourage as many faculty as possible to enter their midgrades online by requesting a PIN from zarnowskif@wcsu.edu and logging on to <https://online.wcsu.edu/login> and would hope that all faculty would enter their final grades online at the end of the semester.
