The "One Book, One Community" program encourages the Danbury and Western Connecticut State University communities to read the same book during the summer and fall of 2009, then come together to discuss the text in venues throughout the city and university.

Although many communities across America sponsor similar programs, ours is one of the few where a city public library, a school system and a university have formed a partnership for this initiative. Our hope is that many individuals, from all walks of life, will unite in discussion of this *one book*, making us *one community*.
