

## Minor in: Biology (18 S.H.)

Name: \_\_\_\_\_ Adviser: \_\_\_\_\_

### Requirements for admission or application to the program:

The student must have a cumulative G.P.A. of 2.0 or better. Students accepted into the program are expected to have completed all course prerequisites for the program. An average GPA of 2.0 in all minor courses must be maintained in order to fulfill the requirements of the minor.

REQUIRED COURSES (18 S.H.)		
BIO 103 General Biology I (placement above MAT and WRT 098 or successful completion of both) and BIO 104 General Biology II (BIO 103 with a grade $\geq$ C) or BIO 110 The Animal World and BIO 111 General Botony (offered periodically)	8	
BIO 200-level or above elective (prerequisites vary — consult catalog)	3 — 4	Course:
BIO 200-level or above elective (prerequisites vary — consult catalog)	3 — 4	Course:
BIO elective:	3 — 4	Course:

- To obtain a minor, you must have approval from the Biology Department Chairperson.
- You must submit formal notification to the Registrar's Office by completing the Declaration of Minor form in order for your official university transcript to include the minor.
- Depending upon your major requirements, you may need to take credit hours over the degree credit minimum required for graduation. Please see your adviser to review all program requirements.

### Approved Electives:

BIO 100 will not count towards the minor. BIO 105 Anatomy and Physiology I and BIO 106 Anatomy and Physiology II will count if both courses are taken. *Electives should be selected in consultation with a Biology adviser.*

**NOTE:** A minimum of one-half of all semester hours in the minor must be taken at Western Connecticut State University.

### NOTES:
