WCSU Student Account
Newsly admitted students will be sent an email from mim@wcsu.edu to the email address they provided Admissions, with instructions on how to activate their WCSU Account. Please check that email and follow the instructions. If you experience any issue setting up the account, please contact our service desk at RequestIT@wcsu.edu or call them at (203) 837-8467.

COURSE REGISTRATION*
First-time freshmen:
All Freshmen are pre-registered for courses based on their major. Each schedule is built purposely, based on WCSU graduation requirements, individual program requirements, and any prerequisite course requirements needed to build a strong academic foundation so you can be prepared to take the next set of courses recommended by your advisor next semester.

Each first-time freshman will be registered for a First-Year Experience course that will teach students about the culture, policies, and opportunities available to all WCSU students. These courses are exciting opportunities to learn about WCSU and meet new people!

Freshmen who have deposited on-time can expect to have access to their schedules mid-summer. All students will be notified as their schedules are available through their email attached to their applications.

Students can make appointments to meet their advisor as early as the first week of the semester. If you have questions before then, please reach out to the University Advisement Center and one of our professional advisors will assist you.

Transfer students:
Be sure that WCSU has the transcripts from all the schools you have attended in order to receive credit for classes. This will also assist with registration by verifying that you have met the pre-requisites for courses.

Transfer students will have the opportunity to work with their department or a professional advisor for advisement and registration. The University Advisement Center will assist all transfer students with this process. Transfer students can self-register through their WCSU BannerWeb accounts using the six-digit registration PIN provided during their advisement session. Any student who would like further assistance can reach out to the University Advisement Center for more support.

Please review your schedule and the course catalog. If you believe you are registered for a course that is similar to something you have taken at another school, please ask for a review of your transfer credits so you don’t repeat a course for which you have received transfer credits.

* You will not be allowed to register for classes until your Admissions deposit has been paid (full-time students only).

WELCOME TO CAMPUS LIVING AT WCSU!

Complete your Housing Application Online through the Housing Portal: https://wcsu.datacenter.adirondacksolutions.com/wcsu_thdss_prod/

As a new, first-year or transfer student living in one of our residence halls, you’ll have lots of opportunity to get to know your campus and to make friends with fellow residents. You’ll have easy access to classes, campus activities and dining facilities, as well as to the university’s many services and special events.

Housing Options

MIDTOWN CAMPUS
WCSU’s Midtown campus, in the heart of Danbury, offers the classic design of stately buildings surrounding the Quad, and has three co-ed residence halls. All of our residence halls are equipped with laundry equipment that our residents are able to use without additional cost.

Fairfield Hall The smallest of our Midtown residence halls, accommodates both men and women on separate floors and or wings. Fairfield Hall (FH) recently underwent a renovation to the main entrance that is meant to create an environment that fosters collaboration and fun while reminding us of its vibrant past.

Newbury Hall, tallest of Midtown’s buildings, comfortably accommodates men on the second and fifth floors, and women on the third and fourth.

Litchfield Hall is a recently renovated traditional-style residence hall housing both men and women.

Each residence hall provides lounges (some have kitchenettes) with TVs and recreation equipment and laundry facilities. All rooms have cable hookups and streaming service. Hall councils plan and implement fun activities throughout the school year.

WESTSIDE CAMPUS
This beautiful, 364-acre campus is on Danbury’s west side, and is home to three distinctive suite-style residence halls:

Pinney Hall is an apartment-style building for residents with 56 or more credits or who are 21 or older. Units house five students and have three bedrooms, two bathrooms, a living/dining area, full kitchen and balcony (Note: Limited availability due to planned renovations).

Grasso Hall’s four-person apartments consist of two bedrooms, a living/dining room, kitchen and bathroom.

Centennial Hall’s suite-style living spaces accommodate four to five students per unit. All units include two bedrooms, plus living room and bathroom. Suites do not have kitchens, so residents enjoy their meals in the nearby Campus Center.

OTHER IMPORTANT INFORMATION

All admissions and housing deposits must be made as soon as possible. Included with these must be your completed checklist, housing application (submitted via the housing portal) and immunization forms. Confirmation of your meningitis vaccination (received within the past five years) must be on file with WCSU’s Health Service before you can select a room and meal plan.

Meal plans are required for all students residing in residence halls.

For more information on housing and/or dining plans, please visit www.wcsu.edu/housing.
Health Services is located on the university’s Midtown campus. It provides students with acute care and health education. Office hours are Monday through Friday, 8 a.m. – 4 p.m. Visits are at no cost, although a nominal fee may be charged for some services. These charges will be billed to your tuition bill as a general health service fee. Fees for services outside of the Health Services office such as those for prescription medications, x-rays, referrals to specialists, emergency department care, ambulance transport and hospitalization, are the responsibility of the student.

All students must submit the Connecticut State University Student Health Services form, which includes the state mandated immunizations: two Measles, two Mumps, two Rubella, and two Varicella vaccines. This form (which is attached) is required before the start of classes. Additionally, students who plan to live on campus must also submit proof of a Meningoccal ACYW vaccine within five years prior to receiving a room assignment.

Failure to comply with the state-mandated immunization requirements will result in a blocked registration/hold for the following semester.

Some academic programs may require additional immunizations or examinations prior to the student’s participation in an internship or other assignment. For more information about Health Services, the immunization requirements, or the CSU Student Health Services form, please visit: wcsu.edu/healthservices.
