MANAGEMENT PROFILE

According to the Bureau of Labor Statics, employment of management occupations is projected to grow 8 percent from 2016 to 2026, about as fast as the average for all occupations, which will result in about 807,300 new jobs. Employment growth is expected to be driven by the formation of new organizations and expansion of existing ones, which should require more workers to manage these operations. The median annual wage for management occupations was \$102,590 in May 2017, which was the highest wage of all the major occupational groups.

Join a professional society or association – See list below

Join [WCSU's Management Club](#)

Volunteer for WCSU's Vita Program

Volunteer for [Junior Achievement](#) in your community

ASSOCIATIONS

Professional associations are a great way for college students, recent graduates, and career changers to enhance personal and professional development while being provided endless networking opportunities. Being a member of an association also offers chances to attend conferences, learn about latest industry trends, scholarships, internship opportunities, along with attitudes and competencies expected in the industries of interest. Many associations encourage students to participate and even offer drastically reduced membership rates. Being a member of an association could be the best thing you do for your career.
