

REU SUMMER 2023

REU RESEARCH AT BRIGHAM YOUNG UNIVERSITY

APPLICATION DEADLINE

February 15, 2023

DATES OF INTERNSHIP

May 9 - July 18, 2023

APPLY NOW: <https://reu.chem.byu.edu/apply/>

ELIGIBILITY

- ☒ studying at a 2-year or 4-year university
- ☒ completion of freshman chemistry and lab
- ☒ organic classes and lab required for some organic labs

Perks of BYU REU

-  \$6,000 stipend
-  Free housing
-  Travel reimbursement to and from Provo

Program Description

An amazing opportunity to participate in a 10-week research program at BYU with state-of-the-art chemistry and biochemistry facilities in Provo, UT! Training includes development workshops about effective communication, team interactions, and scientific presentations. Cohorts will visit local industrial companies and act as a counselor for BYU Chem Camp. The fun does not end there! We also plan to experience the beauty of Utah as we raft down Provo River and take a weekend trip to see the sandstone cliffs of Zions National Park.
