ANALYSIS  
Sec. 46a-68-84

---

## Availability Analysis

Under Section 46a-68-84(a) of the Affirmative Action Regulations of Connecticut State Agencies, as a preparatory step in determining whether protected classes are fully and fairly utilized in the workforce, the University has conducted an analysis by occupational category to determine the availability base of protected group members for employment. A separate availability analysis has been conducted for any position classification within an occupational category employing twenty-five (25) or more employees. A separate analysis may be performed by an agency for any job title requiring unique skills, abilities or educational qualifications. The available analysis shall:

- (1) Examine the job content of each office; position and position classification within an occupational category or, where appropriate, the job content of a position classification;
  - (2) Identifies the relevant labor market area; and
  - (3) Matches each office, position and position classification within an occupational category or, where appropriate, a position classification, with the most nearly parallel job title contained in the data source consulted.
- (b) In calculating availability, the University has provided the following information and data sources:
- (1) Employment figures;
  - (2) Unemployment figures; and
  - (3) The racial and sexual composition of persons in promotable and transferable offices, positions and position classifications.

Where applicable, the University has also included information from the Digest of Educational Statistics.

- (c) In calculating availability, the following information and data sources may be consulted by the University:
- (1) Population figures;
  - (2) Client Population figures;
  - (3) Figures for educational, technical and training program graduates and participants; or
  - (4) Any other relevant source(s)
- (d) For each occupational category, position classification or job title are analyzed, and the University's Affirmative Action Plan provides the name of each source consulted, explains the basis for selection of each source, and included copies of the specific data. Additionally, where job titles in the source consulted are not identical to the job titles employed by the agency, the University's Affirmative Action Plan has documented the job titles deemed most similar to office(s), position(s) and position classification(s) within an occupational category or, where

appropriate, position classification or job title, and have substantiated the manner in which the availability base is calculated.

- (e) For job titles with 25 or more employees in occupational categories where only the entry level positions are filled by hiring and the other job titles in the series are filled by promotion, the documented availability base shall be calculated for the entire series and goals will be set for the entire series.
- (f) The availability base is calculated by determining the sources used to fill positions and the percentage of positions filled from that source. This percentage is the weight assigned to each source. The total weight for all sources cannot exceed 100%. The percent of each race/sex group from each relevant source is multiplied by the weight given to the corresponding source resulting in a weighted factor. The weighted factors for each race/sex group are added to determine the availability base for each race/sex group in each occupational category, position classification, or job title analyzed.
- (g) The University's Affirmative Action Plan substantiates the manner in which the availability base is calculated.
- (h) The University recognizes, as part of its review, the Commission on Human Rights and Opportunities reserves the right to determine the appropriateness of information and data used in subsection (c) of this section and reserves the right to accept or reject such information or data. An agency, with the consent of the executive director of the Commission on Human Rights and Opportunities, may analyze additional labor market areas when specific requirements of a job profile, such as geographic proximity, so require.

# Connecticut Labor Force Data for Affirmative Action Plans

## 4<sup>th</sup> Quarter - 2017

*"We often do not treat equal talent, but all of us should have an equal opportunity to develop our talents."*  
— Martin Luther King, Jr.

## Connecticut Data for Affirmative Action Plan 4<sup>th</sup> Quarter 2017

**Connecticut Data for Affirmative Action Plans** provides labor force information for Connecticut and its eight counties. The data presented are designed to meet the requirements of the Office of Federal Contract Compliance Programs (OFCCP) and/or the Connecticut Commission on Human Rights and Opportunities (CHRO) for companies, State agencies, and municipalities that submit an Affirmative Action Plan.

The job seekers listed in the "Characteristics of Job Seekers" tables are Unemployment Insurance claimants plus CTHires registrants in the quarter. The demographics of these job seekers are the basis for the percentages used to estimate the Minority and Women Unemployed shown in "Estimated Minority and Women Unemployed" table.

If you are completing an Affirmative Action Plan for a private company and you require regulations/guidelines to assist you in setting up your plan, please contact the OFCCP at (860) 240-4277.

If you are completing an Affirmative Action Plan for a State agency, municipality, or any political subdivision, and you require regulation guidelines for setting up your plan, please contact the CHRO, Office of Diversity Programs at (860) 541-3400 or visit their contract compliance website at: [http://www.ct.gov/chro/taxonomy/ct\\_taxonomy.asp?DLN=45583&chroNav=1455851](http://www.ct.gov/chro/taxonomy/ct_taxonomy.asp?DLN=45583&chroNav=1455851)

To order Equal Employment Opportunity posters at no charge, please contact either the OFCCP or the CHRO at the numbers listed above.

If you need a listing of minority/female owned businesses, visit the Department of Administrative Services, Supplier Diversity Program's website at: <http://www.biznet.ct.gov/DASOpenAccess/SupplierDiversity/SDSearch.aspx>
