

# Chemical Inventory

## What to barcode

### Needs a barcode

- Any Hazardous Chemical Products
  - Acids/Bases
  - Toxic Substances
  - Organic Solvents
  - Flammable/Combustibles
  - Highly Reactive Chemicals

- Compressed Gas Cylinders (Non-rentals)

- Lubricants, Fuels and Oils

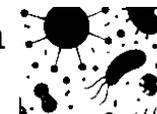

- Pesticides and Biocides

### Does NOT Need a Barcode

- Biological Culture Media
  - Agar
  - Broths

- Specimen and Tissue Samples

- Pre-Packaged Chemical Kits

- Working Solutions and Secondary Containers

- Waste Materials

Affix an inventory barcode to any new applicable chemicals

Enter that chemical container into the WCSU inventory at

<https://cems.wcsu.edu/CEM/S/Dashboard>
