Who are we?

So much college “learning” also happens outside of the classroom. The Center for Student Involvement is the place where you can learn the skills to become the person that you want to be, while making your campus community a better, more exciting place as well!

What do we do?

Plenty. We facilitate the many activities, organizations and programs in which you can participate at Western. Here’s how:

- Want to start a club or organization? We help you do it.
- Need assistance with leadership development for your group? Ask us!
- By scheduling a place and some personnel for your organization’s event, we help you make it a success.
- Complications over how to organize a program or activity? We have answers!
- Our secret middle name is “support.” If you have concerns, issues or recommendations, we’ll help—or connect you with the right person or department to see.
- For fiscal (\$\$) assistance or management, we are the office your student organization should consult.

Why do we do it?

Because the Center for Student Involvement has one mission: To help you experience the best of collegiate life at Western, by getting you involved in your campus community!
