Attention Hiring Managers/Supervisors of Student Employees:

The minimum wage for the state of Connecticut will be increasing from $15 to $15.69 effective January 1, 2024.

If hiring at the minimum wage, please be sure to reflect this new amount when submitting Spring Semester Student Appointment Requests.

In addition, Human Resources is working with CORE-CT to adjust the minimum wage for current student employees that are currently hired at a rate below this amount.
