Institution: Western Connecticut State University (130776)   User ID: P1307761

Overview

Completions Overview

Welcome to the IPEDS Completions survey component. The Completions component is one of several IPEDS components that is conducted during the Fall data collection period. It collects the number of degrees and certificates awarded by field of study, level of award, race/ethnicity, and gender. The reporting period for the Completions component is during the 12-month time period beginning July 1 of the previous calendar year and ending June 30 of the current calendar year; therefore, for this year's Completions component, the reporting period is between July 1, 2023 and June 30, 2024. The Completions component is also collecting the number of students (e.g., completers) who earned awards between July 1, 2023 and June 30, 2024.

Data Reporting Reminder:

Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes in reporting

The following changes were implemented for the 2024-25 data collection period:
- Added a question on whether institutions had zero students that were conferred an award between July l, 2023 and June 30, 2024.

Use the 2020 CIP codes for this year's data collection.

The CIP 2020 Website includes a list of new CIP codes, a list of deleted CIP codes, a list of moved CIP Codes, and an online crosswalk of the 2010 CIP and 2020 CIP.

Some common Completions component errors include the following:

- Including award levels on your current year Completions that were not reported on your previous year's (PY) Institutional Characteristics (IC). [Award levels in the PY IC component cannot be changed; therefore, contact the IPEDS Help Desk at 1-877-225-2568 if you need assistance.]
- Forgetting to select CIP codes for new programs of study that are offered by the institution, but do not have completions for the reporting period.
- Forgetting to enter in zero in at least one of the cells for CIP codes that do not have completions.
- Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Keep in mind that some information provided by institutions on the Completions component appear in the College Navigator, which is a major tool used by consumers searching for information about postsecondary education. It is therefore vitally important that you include accurate information about your institution.

Institutions must report the following information. (Some data will be pre-populated from the completions by CIP code data.)

Number of students by gender and race and ethnicity earning an award between July 1, 2023 and June 30, 2024. Count each student only once, regardless of how many awards he/she earned. The intent of this screen is to collect an unduplicated count of total numbers of *completers*.

Gender Unknown or Another Gender than Provided Categories

- The purpose of this supplemental section is to determine whether institutions are able to report the number of students for whom gender is unknown and the number of students for whom gender does not align with the 'Men' and 'Women' categories. Note that these students must still be allocated into the 'Men' and 'Women' categories in all other sections of the survey component.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One method commonly used by institutions is to allocate these students to the binary categories required in other parts of the form using the proportion of men to women reported.
- The 'gender unknown' category is to report students for whom the institution does not know a gender.

Is your institution able to report another gender for the July 1, 2023 - June 30, 2024 reporting period?
If you indicate 'No, my institution is not able to report another gender,' leave the cells in the rows for 'Another gender' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes', but no students identified as another gender, please enter '0'.

Undergraduate students:
- ◉ No, my institution is not able to report another gender (do not report)
- ○ No, some cells will have a value of less than 5 students (do not report)
- ○ Yes

Graduate students:
- ◉ No, my institution is not able to report another gender (do not report)
- ○ No, some cells will have a value of less than 5 students (do not report)
- ○ Yes

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

	Number of students			
	Undergraduate students	Graduate students	Total	PY Total
Grand total			**945**	1,061
Gender unknown (i.e., gender information is not known or not collected).	0	0	**0**	0
Another gender (i.e., gender information is known but does not fall into either of the mutually exclusive binary categories provided [Men/Women]).				
Total of Gender unknown + Another gender		**0**	**0**	0
Total of Students for whom gender is known and falls into one of the mutually exclusive binary categories provided [Men/Women]			**945**	1,061

You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Associate's degree

Completers by Level
Associate's degree

Number of students by gender, by race and ethnicity, and by age earning this award between July 1, 2023 and June 30, 2024. Each student should be counted once per award level. For example, if a student earned a master's degree and a doctor's degree, he/she should be counted once in master's and once in doctor's. A student earning two master's degrees should be counted only once.

Summary

IPEDS Completion Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the IPEDS Use the Data and appear as aggregated statistics in various Department of Education reports. College Navigator is updated approximately three months after the data collection period closes and DFRs will be available through the IPEDS Use the Data and sent to your institution's CEO at the end of 2025.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
