**Advanced Candidate Initial Licensure
Field and Clinical Practice Placements in Diverse Settings
Educational Leadership (endorsement #092)
Fall 2010 to Spring 2013**

Excerpt from the Intermediate Administration and Supervision Internship/Seminar syllabus:

Fall and Spring: With district approval, shadow an administrator in your district. You will also shadow administrators from outside the district, completing the requirements for a variety of demographics: (urban, suburban, and rural) and (elementary, middle, and high schools). Attach observations and impressions to your Internship Log. Your university supervisor will have suggestions, and will also help you debrief your experience. You will need to complete shadowing experiences in each semester.

During the fall and spring you will shadow observe and shadow an administrator in your district and in two other districts. Since *National Council for the Accreditation of Teacher Education* (NCATE) and the *State of Connecticut* require you to have experience in rural, suburban and urban school districts as well as at elementary, middle and high schools, try to strategically plan for these observations. Because of the limited number of rural districts in Connecticut, rural is grouped with suburban. For example, if you are currently shadowing an administrator in a rural elementary school, you might choose to observe at an urban middle school and a suburban high school to round out your experience.

You will also shadow at least 2 Central Office Administrators as they perform their duties. With the assistance of your mentor, select Central Office Administrators that furthers your Action Plans with his/her work and/or duties.

Focusing on elements of the 5 performance areas (Improvement Planning, Clinical Foundation, Curriculum and Instructional Planning, Parent/Community Relations, Program and Building Management) and other important issues as they arise, write your observations and impressions in your log.

Reflections and observations of each of these experiences will be documented in a summary (2 - 5 pages) focusing on observations of the 5 performance areas (Improvement Planning, Clinical Foundation, Curriculum and Instructional Planning, Parent/Community Relations, Program and Building Management) as well as other important observations.

School Counseling
Fall 2010 to Spring 2013**

All sites (100%) are diverse, based on the expanded definition of the term “diversity” to include different ethnicity, race, age, socioeconomic status, gender, exceptionalities, language, religion, and learning styles. Data is collected and documented on each site regarding the demographics (School Counseling Internship Agreement) for their Council for Accreditation of Counseling & Related Educational Programs (CACREP) accreditation:
