Student Opinion Course Survey for Online/Hybrid Instruction

The reasons for conducting student opinion course surveys are to assess courses and improve instruction. Your participation is voluntary and you may omit items. To ensure anonymity do not write your name on General Purpose Data Sheet II. Please use a No. 2 pencil ONLY on the data sheet. Do not talk while completing this survey as all responses are confidential. When you are finished a third party will collect the course survey form, data sheet and pencil, place them in an envelope and seal it.

Directions: Print the instructor's name, course number, semester and year in the upper left hand block of the data sheet under "ID Number." Written comments are not permitted anywhere on the data sheet. Writing a comment on the data sheet will result in the sheet being discarded.

Please respond to survey items 1-8 using the Rating System of A through D.

Rating system:

A = Excellent

B = Above Average

C = Average

D = Below Average
