**STATEMENT OF RELEASE**

Students who fail to provide documentation that they have met the above stated requirements **will not** be allowed in the clinical areas. A criminal background check and drug testing are required prior to placement in a clinical assignment, direct cost to be incurred by the students. In certain circumstances, evidence of a criminal record may prevent a student from fulfilling clinical requirements and /or requirements for professional licensure.

I certify that I have complied with all health requirements and policies. I understand that by signing this document that I accept all responsibility for having met all contractual health requirements by the Department of Nursing, University, and agencies in which I may be assigned to do clinical.

***I certify that I have documentation of all the above and that I will produce such documentation at the request of the Nursing Department within 24 hours of such request.***

I understand that failure to meet and maintain clinical requirements will mean that I am not allowed into the clinical areas and I will not meet the program requirements.

I am aware that if during the course of the academic year(s) while participating in clinical experiences, **IF** my health status should change in a way that would impact my ability to perform in clinical, **I am required to notify** the Nursing Department Chair and the Nursing Undergraduate Program Coordinator. I acknowledge that I may need additional clearance which would be determined at that time.

- effectively communicate both verbally and non-verbally with patients, peers, faculty, and other healthcare professionals
- use senses of vision, touch, hearing, and smell in order to interpret data
- demonstrate abilities with speech, hearing, reading, writing, English language, and computer literacy

#### **Motor Ability – Nursing students must be able to:**

- display gross and fine motor skills, physical endurance, strength, and mobility to carry out nursing procedures
- possess physical and mental stamina to meet demands associated with excessive periods of standing, moving, physical exertion, and sitting
- perform and/or assist with procedures, treatments, administration of medications, operate medical equipment, and assist with patient care activities such as lifting, wheelchair guidance, and mobility

#### **Intellectual/Conceptual Ability – Nursing students must be able to:**

- problem solve, measure, calculate, reason, analyze, and synthesize data in order to make decisions, often in a time urgent environment
- incorporate new information from teachers, peers, and the nursing literature
- interpret data from electronic and other monitoring devices

#### **Behavioral, Interpersonal, and Emotional Ability – Nursing students must be able to:**

- tolerate physically taxing workloads and function effectively during stressful situations
- display flexibility and adaptability in the work environment
- function in cases of uncertainty that are inherent in clinical situations involving patients/clients
- possess the skills required for full utilization of the student's intellectual abilities
- exercise stable, sound judgment
- establish rapport and maintain sensitive, interpersonal relationships with others from a variety of social, emotional, cultural, and intellectual backgrounds
- accept and integrate constructive criticism given in the classroom and clinical setting

**I (student) attest that I have read, understood, and agree that I am able to carry out the above mentioned Technical Standards.**
