Introduction to Degree Works

DegreeWorks is an academic advising and degree audit tool that helps advisors and students track their degree progress in real-time. It tracks coursework, grades, GPA requirements, credit and other relevant student data, and displays the information in accordance with program requirements. This tool allows advisors and students to quickly identify outstanding requirements and make a plan to achieve degree completion on time.

The responsive Dashboard offers:

- Modern Design
- Mobile Friendly
- ADA Compliant
- Personalized Experience
- Fresh Clean Look

Objectives

By the end of this user guide, you will be able to:

1. Access the Degree Works Responsive Dashboard
2. Review Degree Audit Worksheet
3. Use Audit Tools (What-If, GPA Calculator, Print, and Contact a Student)
4. Add Notes to a Student's Audit

ACCESS DEGREE WORKS

1. Visit www.wcsu.edu, click on “Essentials” and then “Banner (my info)” and login.
2. Select “Degree Works” from the menu.

Searching for Students:

Faculty/advisors can search for students by:

1. Selecting their advisee from the dropdown menu on the “Select Student” field
2. Typing in the student ID number in the “Student ID” field
3. Clicking on “Advanced Search”

The screenshot shows the top navigation bar of the Western Connecticut State University website. Below the navigation bar, the heading "Worksheets" is displayed. Underneath, there is a search area with three numbered callouts: 1 points to the "Select Student" dropdown menu, 2 points to the "Student ID" text input field, and 3 points to the "Advanced search" link.

Advanced Search:

This feature allows you to search for students by name, program, level, class year, catalog year, minor, and/or college. It does allow for you to use multiple search criteria to narrow your search (e.g., psychology majors who are sophomores).

When you have chosen the appropriate criteria, select **Search**.

The screenshot shows the "Find Students" advanced search form. It includes a title bar with a close button (X). The form contains several input fields: "Student ID", "First/middle name", and "Last name". Below these is a section titled "Curriculum" with a collapse arrow (^). This section contains six dropdown menus: "Program", "Level", "Class Year", "Catalog Term", "Minor (0/71)", and "College (0/4)". At the bottom right, there are three buttons: "Clear", "CANCEL", and "SEARCH".

A list of students will appear based on your criteria. Use the check boxes to select or deselect the students you want to view then click **Select**.

DEGREE AUDIT WORKSHEET OVERVIEW

The look and function of the worksheet has changed. Compared to the previous version, the font is now bigger, there is more whitespace, and you have to do more scrolling. This is part of the ADA-compliance and cannot be changed. The Degree Audit Worksheet has several sections which we will review starting top of the page and work down.

1. Print/Save an Audit or Contact a Student/Advisor
2. GPA Calculators, Class History, and Notes.
3. Student Header
4. Degree Progress
5. Degree Audit Blocks
6. Notes and Legend

The screenshot displays the 'Worksheets' section of a degree audit system. It includes a search bar with fields for Student ID, Select Student, and Program (BA Psychology). Below this is an 'Advanced search' section with filters for Level, Class Year, Major, Degree, College, Advisor, Full-Time/Part-Time, and FERPA Indicator. A 'View historic audit' button is present. The 'Degree progress' section shows a 51% completion rate and an Overall GPA of 0.00. A 'Process' button is available for in-progress and preregistered classes. The 'Degree Audit Blocks' section lists requirements such as 'BA in Psychology - 120 Credits Required', 'Foreign Language Requirement', and 'Part 1: General Education Competency Requirements', all marked as 'INCOMPLETE'. A 'Notes' section is at the bottom, followed by a legend explaining the status icons: Complete (green check), Not complete (red circle), Complete except for classes in-progress (blue circle), Nearly complete - see advisor (yellow circle), Prerequisite (blue square), and Any class number (blue circle).

DEGREE AUDIT WORKSHEET OVERVIEW

Under the “Worksheets” heading to the left, you will see the last time the student’s data was refreshed from Banner for this audit.

- **Click**  for an immediate refresh of the information from Banner. This will usually run an updated audit at the same time, but you should check the date stamps for “Date refreshed” and “Audit date” to ensure they match.
- If the “Audit Date” does not match the “Data refreshed” date, select **Process** to create an updated Degree Audit.

DEGREE AUDIT WORKSHEET OVERVIEW

1 CONTACT A STUDENT OR ADVISOR

At the upper top right of the audit, select the **Email icon**  then click on the student's/advisor's, email address or the advisor's email address and a new email will be created in Outlook.

2 GPA CALCULATORS

Degree Works contains three types of GPA Calculators: Graduation, Term, and Advice. The GPA Calculators are designed to deliver insights into academic performance and program completion to help students set realistic short and long-term goals.

At the upper top right of the audit, select the kebob  icon then select **GPA Calculator**.

Graduation Calculator – Used to estimate the average GPA the student needs to maintain in their remaining terms to graduate with a desired GPA.

1. The student's current GPA, number of credits remaining, and number of credits required are listed. Enter the GPA the student would like to earn upon graduation in the Desired GPA field, then click **Calculate**.

GPA Calculator ×

Graduation Calculator Term Calculator Advice Calculator

Enter your desired GPA at graduation to calculate the average GPA you need to maintain in your remaining terms to achieve that goal.

DEGREE AUDIT WORKSHEET OVERVIEW

2 CLASS HISTORY

You can view Class History to get a term-by-term summary of courses the student has taken and the grades they earned.

Click the kebob  icon then **Class History**. The Class History window will appear with a chronological list of courses the student has taken.

2 NOTES

You can add notes to a student's degree audit to document their progress or needs.

PLEASE NOTE: The Notes are public – students will see them. Once you add a Note, it becomes part of the student's academic record and cannot be edited or deleted.

1. Click the kebob  icon then **Notes**.

DEGREE AUDIT WORKSHEET OVERVIEW

2. The Notes window will appear with any notes that have been previously added for the student. Select **Add a new note**.

The 'Notes' window displays a list of existing notes. Each note entry includes the creation date (07/14/2021), the author (Doe, John), and the note text. The first note states 'Student approved for graduation!' and the second states 'Met with student to discuss internship this summer.' A blue button labeled 'ADD A NEW NOTE' is located at the bottom right of the window, highlighted with a red rectangle.

3. Choose from the predefined notes drop-down or write a unique note in the Add description field.

The 'Add a new note' form contains a 'Predefined notes' drop-down menu and a text area for 'Add description'. Below these fields is a checkbox labeled 'Not available to student'. At the bottom, there are two buttons: 'Save note' and 'Cancel'.

By default, the note will be available to the student.

DEGREE AUDIT WORKSHEET OVERVIEW

If you do not want the student to see the note, Select the **Not available to student** check box. The note will appear in the Notes window but will **NOT appear** on the student's degree audit.

Notes

Created on 6/29/2022

By Zavatkay, Debra **Status Internal**

Student approved for graduation with NO CONDITIONS.

4. Select **Save Note**.

3

STUDENT HEADER

The Student Header provides useful information regarding the student such as degree, major, holds, part time vs. full time, advisor, etc. The Student Header is responsive, meaning a category will appear only if it applies to the student. (For example, the student below does not have any holds on their record, therefore, you do not see the "Holds" category in the student header.)

DEGREE AUDIT WORKSHEET OVERVIEW

4 DEGREE PROGRESS

The Degree Progress shows the percentage complete of the student's requirements as well as their overall GPA.

Note: Progress will NOT equal 100% until all courses are complete and graded.

The screenshot shows a user interface for degree progress. On the left, there is a 'Format' dropdown menu currently set to 'Student View'. A red arrow points from the 'FORMAT SELECTION' section below to this dropdown. In the center, under 'Degree progress', there is a circular progress indicator showing '76%' and the text 'Requirements' below it. To the right of the progress indicator, it says 'Overall GPA 3.58'. On the far right, there are two checkboxes: 'In-progress classes' (checked) and 'Preregistered classes' (checked), followed by a 'Process' button.

FORMAT SELECTION

The default format is the Student View. You can change the format of the audit by selecting the Format drop-down.

- **Student View** – The default and most frequently used format. Displays a detailed view of the student's degree requirements.
- **Graduation Checklist** – Displays which courses fulfilled each requirement.
- **Registration Checklist** – Displays outstanding requirements and suggestions to fulfill them.

DEGREE AUDIT WORKSHEET OVERVIEW

5 DEGREE AUDIT BLOCKS

The Degree Audit is divided into multiple sections called blocks. The blocks will show the student's progress towards their degree.

Collapse and Expand Blocks

You can collapse the blocks for quick navigation through the audit. To collapse all of the blocks in the audit, select **Collapse all**.

---	------------------	---------------	---

The Class Information window will appear. You will see prerequisite information, course information, and the section(s) that are scheduled for the current or upcoming term.

Class Information

PSY 439 - 4 Credits - Community Psychology

Course Description: Community Psychology is a capstone course for Psychology majors. Its focus is the amelioration of conditions that inhibit optimal development. These conditions may foster dysfunction and psychopathology as well as inhibit the development of competencies such as academic skills. The prevention of disorders as well as tertiary care, or the remediation of pathology, are also of primary interest. Populations that are typically underserved in the existing health care system are considered in detail. These populations include: maltreated children, ethnic minorities, women, the elderly, and substance abusers. Classroom attendance and a practicum of five hour per week are required. Practicums are completed in community agencies such as mental health clinics, substance abuse treatment facilities, Head Start, schools, and related social service settings. Since, this is a capstone course for Psychology majors, 50% of student grades will be determined by a term paper. Prerequisites: PSY 324 and one additional course from the following: PSY 202, 203, 205.

Prerequisites:
(PSY 324 with a minimum grade of D- or PSY 225 with a minimum grade of D-) and (PSY 202 with a minimum grade of D- or PSY 203 with a minimum grade of D- or PSY 205 with a minimum grade of D-)

Attributes:

Code	Description
W3	Writing Intensive Tier 3 (W3)
SPSY	SBS Gen Ed - Psychology

WHAT-IF ANALYSIS

In the Responsive Dashboard, the Look Ahead tool has been combined with the What-If Analysis to improve the efficiency in the user interface. The What-If Analysis allows you to apply student courses to different majors and/or minors to see how they would affect their progress.

1. Select **What-If**

The screenshot shows the top navigation bar of the dashboard. The tabs are 'Academic', 'What-If', 'Financial Aid', and 'Athletic Eligibility'. The 'What-If' tab is highlighted with a red box. To the right of the tabs is a dropdown menu labeled 'View historic audit'. Below the navigation bar, there is a section for 'Degree progress' showing a 36% progress indicator and an overall GPA of 2.91. To the right of this section are two checkboxes: 'In-progress classes' and 'Preregistered classes', both of which are checked. A 'Process' button is located to the right of these checkboxes.

2. Use the drop-downs to select the appropriate information for the program and areas of study the student is considering. In-Progress and Pre-Registered classes are selected and will be applied to the analysis. If you do not want to include them, you can deselect the check boxes for these options. Select **Process**.

NOTE: You must select **BOTH** the Degree and the Major.

The screenshot shows the 'What-If Analysis' form. At the top, there is a section for 'What-If Analysis' with a dropdown menu. Below this, there are two checkboxes: 'Use current curriculum' and 'In-progress classes'. The 'In-progress classes' checkbox is checked and highlighted with a red box. To the right of this checkbox is another checkbox labeled 'Preregistered classes', which is also checked. Below these checkboxes, there is a section for 'Program' with two dropdown menus: 'Catalog year *' (set to 'FALL 2020') and 'Degree *' (set to 'BA Social Sciences'). The 'Degree *' dropdown menu is highlighted with a red box. Below the 'Program' section, there is a section for 'Areas of study' with three dropdown menus: 'Major' (set to 'Social Sciences'), 'Minor', and 'Concentration'. The 'Major' dropdown menu is highlighted with a red box. Below the 'Areas of study' section, there is a section for 'Additional areas of study' with a dropdown menu. At the bottom of the form, there is a section for 'Future classes' with two input fields: 'Subject' and 'Number', and an 'ADD' button. At the very bottom of the form, there are two buttons: 'RESET' and 'PROCESS'.

WHAT-IF ANALYSIS

3. Add **Future classes** to see how individual courses might alter the student's progress in the new major by adding courses along with selecting the new major.
