Find My Ride™ is National Express Transit's exclusive app. We offer this technology for our customers to provide to their transit passengers. The app, available on both iPhone and Android platforms, provides bus tracking information including schedules and near real time tracking information of their route.*

**Find My Ride™ benefits:**

- App is user-friendly
- Free for transit passengers to download and use
- View all routes and scheduled stops
- Find My Ride™ integrates seamlessly with the customer's existing routing software

*Our vision at National Express Transit is to provide the safest, highest quality transportation services— on time, every time.™*

**Download the free app:**

Download on the **App Store**

Get it on **Google play**

**From the Apple App or Google Play store search for: "Find My Ride!" and install the app.**

* Find My Ride may not be available in all markets. Please consult your local transportation authority.

nationalexpresstransit.com

Our goal is to provide our transit passengers complete visibility into their bus' arrival time and current location. We are proud to offer our Find My Ride™ app, which allows monitoring of your transit bus transportation.

Find My Ride™ allows you to view your current bus' location and schedule. Get information about the route, in near real time, including the scheduled and estimated arrival times to your stop.

## Using the app:

1. Search and download "Find My Ride" from Google Play or the App Store.
2. Open the mobile app and click "Private Route".
3. Enter the Private Route code: WCSU then tap "Submit Code".
4. A list of available routes will display. Click the route name to display its detail. Click star to set route as a favorite.
5. Drag fingers on map to scroll or zoom.
6. Click 'Stop' icon to display street name and arrival/departure time information.
7. Click the 'Stops' icon for list of stops on the route. Click the star to mark 'Stop' as favorite.
8. Click the 'Schedule' icon to display the routes schedule.
